

**PRESS RELEASE** – As of July 1, 2010 the Hubbardston Town offices have new email addresses utilizing the Town’s domain: [hubbardstonma.us](http://hubbardstonma.us). The Town was required to change after notification from Charter Business that they were eliminating the *charterinternet* business domain the Town had been using. Contact information has been updated on the Town’s website. While Charter will forward emails sent to the old addresses for a short time at no charge since they initiated the migration, but we suggest you change your address books accordingly. If you have trouble reaching an office electronically, call our office to advise so we may initiate repair of the connection. Thank you!
