• FY21 Budget Discussion – There will be a recommendation of reduction of Revenue, or we will need to cut Services. These Recommendations are coming in the near future.

Town Administrator Report:

• This Report consists of the Covid-19 Update, a Budget Update, Department Reports, Financial Management, Infrastructure Update, and Employee Recognition. This week I would like to thank Chris Barbera for her recent efforts in the Library Department. In just her first year as a

Director, Chris inherited a very unique situation – the public closure of a library still expected to provide community services. Chris has risen to the challenge, helping to coordinate virtual story time for our children, responding to resident needs and when possible and safe, continuing to provide loan services to residents. The library is a very important part of our community, the main symbol on our seal, and I truly appreciate everything Chris has done to make sure the town has its library during this time of need.

Policies to Review:

• Disposal of Surplus Property – Some Towns allow certain sales to be done automatically up to a certain amount of money, or another option is to have the Board see everything sold.

Total Project Budget Template for Project Scope and Budget Accelerated Repair Program

Notes

This template was prepared by the MSBA as a tool to assist districts and their teams in the understanding of MSBA policies and practices: their potential impact on the MSBA's calculation of a potential Basis of Total Facilities Grant; and potential Total Maximum Facilities Grant. This template does not contain a final, exhaustive list of all evaluations which the MSBA may use in determining whether items are eligible for reimbursement by the MSBA.

Yellow Highlighted Cells include formulas which should not be overwritten in the submitted version of the Total Project Budget Form.

The MSBA will perform an independent analysis based on a review of information and estimates entered into the Total Project Budget Template submitted by the District for the proposed school project. The MSBA's analysis may differ from the analysis performed by the district.

All costs associated with ineligible construction items (refer to 963 CMR 2.16(5) for more information) including design, permitting, construction monitoring, testing etc. are to be identified and included in the Ineligible Cost Column.

If the project is to include alternates they will be reviewed as follows:

Deduct Alternates are included in the construction budget; therefore, the Alternates Subtotal is not included in the Total Project Budget and is not included in the Estimated Basis of Total Facilities Grant. Deduct alternates will only be considered if the construction bids come in higher than the estimated Construction Budget shown in the Total Project Budget. These alternates will only be considered eligible expenses if they can be accommodated within the Total Project Budget and within the Estimated Total Maximum Facilities Grant.

Add Alternates are not included in the Total Project Budget and are not included in the Estimated Basis of Total Facilities Grant. Add alternates will only be considered if the construction bids come in lower than the estimated Construction Budget shown in the Total Project Budget. These alternates will only be considered eligible expenses if they can be accommodated within the Total Project Budget and within the Estimated Total Maximum Facilities Grant.

REQUEST FOR PROPOSALS

I. INTRODUCTION

The Town of Hubbardston is seeking proposals for the disposition of a parcel of Townowned land located at Ragged Hill Road (the "Property") and shown as Lot 2 on a plan entitled "Plan of Land in Hubbardston, MA Prepared for the Town of Hubbardston," dated May 20, 2008, recorded with the Worcester South Registry of Deeds in Plan Book 868, Plan 100 (the "Plan"), a copy of which Plan is attached hereto and incorporated herein. The Property is further described in a Tax Taking, dated October 25, 1963, recorded with the Worcester South Registry of Deeds (the "Registry") in Book 4420, Page 244, and as Assessor's Map 2, Property 217.

The Town reserves the right to reject any and all proposals, to negotiate any and all non-mandatory contract terms with the successful proposer, to waive any informalities, or to cancel this procurement at any time if it is in the Town's best interest to do so.

II. PROJECT SUMMARY; BACKGROUND

The successful proposer will create affordable housing through the construction of a single-family residence or duplex on the Property, in accordance with the requirements of this RFP, and will sell the dwelling(s) to an eligible purchaser, as set forth more particularly herein.

The Property contains 3.35 acres, and is located in the Residential/Agricultural Zoning District. Any structure built on the Property must conform with the applicable existing zoning requirements for the District.

The Town has conducted soil evaluations and borings with respect to the suitability of the Property for the location of on-site sewage disposal systems in accordance with Title 5 of the State Environmental Code, 310 CMR 15.000 et seq. Documents relating to the results of this evaluation are on file at the office of the Board of Health and are available for inspection during normal business hours. Please be advised, however, the Town makes no representation or warranty, express or implied, as to the accuracy and completeness of the information contained in these documents. The proposer assumes all risk in connection with the use of the information, and releases the Town from any liability in connection with the use of the information provided by the Town.

III. DEVELOPMENT GUIDELINES

The following development guidelines apply to the use and disposition of the Property. These provisions must be addressed in the proposal, included in the purchase and sale agreement, and met in the subsequent development of the Property:

Affordability, Use Restriction.

The Town will convey fee ownership of the Property to the designated developer subject to a Regulatory Agreement or permanent affordable deed rider acceptable to the Town and DHCD, which shall be recorded prior to the recording of any mortgages or other

liens on the Property and survive foreclosure or a deed in lieu of foreclosure. In turn, the developer will design, construct and sell the home(s), subject to a permanent affordable housing deed rider(s), to qualified first-time homebuyers with income less than eighty percent (80%) of AMI. The dwelling will be sold in accordance with regulations and guidelines of the Local Initiative Program, 760 CMR 45.00, and the terms and conditions of the purchase and sale agreement. The designated developer must conform to the Local Initiative Program's requirements for the buyer qualification and selection process. The developer shall, prior to conveying the Property, provide the Town with documents evidencing that the buyer meets the income requirements and has been selected in compliance with other fair housing marketing, tenant selection, and other requirements.

The developer shall be responsible for taking any and all steps, at its expense, to include the dwelling(s) constructed on the Property on the DHCD's Subsidized Housing Inventory ("SHI"), and selling the dwelling(s) to a qualified, low-income first-time homebuyer, protected by a perpetual use restriction approved by the DHCD and the Town in accordance with G.L. c. 184. Proposers are strongly recommended to review DHCD's 40B Comprehensive Permit Guidelines that are available online to determine what steps are required to include the Property in the SHI, including without limitation, affirmative marketing and tenant selection processes.

Site and Building Design Guidelines.

The Town will give preference to a developer who will construct the dwelling(s) and develop the Property in accordance with the following guidelines:

- The Town is amenable to the construction of a single family home or a duplex, although
 the former is preferable. A final decision will be made once a conceptual site design is
 complete and parking shown, subject to all applicable permits, licenses and other
 approvals.
- The Town requires materials of good quality and design features (window trims, elevation detail) to be used so to blend in well with the neighborhood. This should be included in the project budget.
- The Town is interested in exploring green building designs especially those which will reduce on-going utility and other expenses in the future.
- The proposer should select the successful buyer in a public setting.
- The Town requires new construction for this site, though not necessarily all new materials.
- The Town requires approval of the design.
- The dwelling(s) to be constructed on the Property must comply with the following requirements: Building construction must meet the current State Building Code including the Stretch Energy Code, Title 5, unit size requirements (minimum floor area) of the

Local Initiative Program and the applicable existing requirements of the Residential/Agricultural Zoning District.

- Appliances, heating and/or air conditioning systems shall be rated for energy efficiency.
- Site design must provide adequate parking.
- Landscaping must be suitable to the surrounding neighborhood area.

Conveyance Terms.

The purchase and sale agreement between the Town and the designated developer shall contain the following provisions in addition to others:

- The dwelling unit(s) on the Property shall remain affordable in perpetuity. The Property will be conveyed subject to a Regulatory Agreement and/or a separate affordable housing restriction acceptable to the Town, which shall confirm that the dwelling(s) to conform to the requirements of the Local Initiative Program.
- Final plans shall be substantially consistent with preliminary plans submitted.
- Construction must commence within one hundred eighty (180) days of the date of the conveyance to the proposer.
- The purchase and sale agreement will provide that the Town will convey the Property to the successful proposer only when the proposer has secured all necessary financing and permits. However, the Town, in its sole and absolute discretion, may grant exceptions if the successful proposer intends to raise funds through donations or construct the dwelling with volunteer labor.
- The designated developer will be required to enter into a mutually satisfactory purchase and sale agreement, incorporating the terms hereof, within thirty (30) days of the notice of award. The closing must occur within one hundred twenty (120) days from the date on which the parties enter into the purchase and sale agreement, which may be extended by the Town for good cause.
- The designated developer is responsible for preparing any applications, forms, or other submittals necessary to secure DHCD's approval of the proposed dwelling(s) for listing on the Chapter 40B Subsidized Housing Inventory.
- The purchase and sale agreement will require a Land Development Agreement on the terms set forth below.

Development Terms.

The Property shall be conveyed subject to a Land Development Agreement ("LDA") that will incorporate the provisions hereof and specify how the developer will develop, construct and

operate the project. The parties shall sign the LDA at the closing and record the same prior to the recording of any mortgages or other liens. The LDA shall include, but is not limited to, the following terms, and be attached to and be a part of the purchase and sale agreement:

The developer shall, at its sole cost and expense, construct a new single-family residence or duplex on the Property (the "Project"). The developer shall commence the Project within one hundred eighty (180) days from the date on which the deed from the Town to the developer is recorded with the Registry and complete said construction within two (2) years from said date on which the Property was conveyed to the developer by the Town.

The Property shall be used for affordable housing purposes in perpetuity. The dwelling shall be sold to a first-time homebuyer earning no more than eighty percent (80%) of the area median income at a price acceptable to DHCD and subject to an affordable housing deed rider, as set forth herein.

Until the Project has been substantially completed, the developer shall not convey or transfer the property or any portion thereof to any person or entity.

The developer shall engage the services of a monitoring agent acceptable to the Town to market the dwelling and conduct a lottery to find eligible buyers.

The developer shall obtain the Town's approval of project plans and specifications, including, without limitation, review of plans for substantial compliance with the RFP, and any material changes thereto

Any and all mortgages and other liens on the property shall be subordinate to the LDA.

NOW THEREFORE, in consideration of the mutual covenants contained herein and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereby agree as follows:

NOW, THEREFORE, THE PARTIES AGREE AS FOLLOWS:

I. RIGHT OF ENTRY

Developer acknowledges and accepts that the Land has been conveyed to Developer subject to a Condition Subsequent, reserving to the Town a Right of Entry, which the Town may exercise if Developer: (a) fails to commence construction of the Unit within one hundred eighty (180) days from the date on which the deed from the Town to Developer is recorded with the Registry (the "Date of Recording") and/or fails to complete said construction within twenty-four (24) months from the Date of Recording, (b) fails to sell the Unit to an Eligible Purchaser within twenty four (24) months from the Date of Recording, (c) conveys, sells or otherwise transfers the Property or any portion thereof to persons other than the Eligible Purchasers, or assigns its interest under this Agreement (as set forth more particularly in Section V(K)), or (d) uses the Property for other than affordable housing purposes. The Town may extend the time for performance under this condition if Developer fails to perform its obligations hereunder within the time periods set forth above for reasons beyond Developer's reasonable control, provided that Developer requests an extension in writing no later than thirty (30) days prior to the expiration of the applicable performance period and gives detailed reasons for the delay; in no event shall any extension exceed six (6) months from the original performance date. For purposes of the dates above, it is agreed that commencing of construction shall mean a Building Permit for the construction shall have issued, and the completion of construction shall mean a Certificate of Occupancy has issued.

The Town, its successors and assigns, shall provide sixty (60) days' written notice to Developer of its intent to exercise its Right of Entry. If, at the end of such notice period, Developer has not constructed and sold the Unit as required herein or cured the applicable defect, in the Town's reasonable discretion, the Town may reenter the Property and retake all rights, title, interest and possession in and to the Property by executing and recording a certificate of entry with the Registry. Notwithstanding the provisions of anything herein to the contrary, upon recording said Right of Entry, title to the Property and any improvements thereon shall revert to and vest in the Town without any necessity for suit or without the necessity of a deed from Developer to the Town. The Town shall reimburse Developer for any improvements made by Developer to the Property from the proceeds of the sale of the Unit to an Eligible Purchaser or from any other sale of the Property, less amounts required to release the Premises of any and all liens, subject to Town Meeting appropriation of funds for such purposes. Such Right of Entry to be in addition to any other rights or remedies the Town may have for a breach or default under this Agreement.

The Town's Right of Entry shall be deemed released and of no further force and effect upon the recording of deed for the Unit from Developer to an Eligible Purchaser, attaching to

said deed an affordable housing Deed Rider, a Certificate of Compliance issued by the Town, and, at the Town's option, an Acceptance of Restriction signed by the Town.

II. DEVELOPMENT AGREEMENT

Developer agrees, for itself and its successors and assigns, and in consideration of the conveyance of the Land at the Purchase Price, which it acknowledges is less than the full and fair market value of the Land, to develop the Property and to undertake, at its sole cost and expense, all the work that is required to be done under this Agreement to construct, develop and complete the Project (hereinafter referred to as the "Work") as follows:

A. Construction Obligations

- Construction of Units: Developer shall, at its sole expense, prepare plans and specifications for the construction of a dwelling on the Property, showing the location, design, layout and size of the Unit, the landscaping, and all other improvements. The plans and specifications shall be submitted to the Town for the Town's approval (the "Approved Plans"). The Town shall not withhold approval unreasonably, and in the event of disapproval, the Town shall give Developer an itemized statement of reasons for disapproval within forty-five (45) days after the plans and specifications are submitted to the Town. Developer shall use reasonable efforts to cause such items to be appropriately revised and resubmit the same to the Town for approval pursuant to this section, but shall not be required to make such changes if they render the Project uneconomic. If no response is received from the Town within said forty-five (45) days, the plans and specifications shall be deemed approved by the Town. Developer shall construct the Unit and perform the Work in accordance with the Approved Plans. Developer agrees not to make any material changes or revisions to the Work or the improvements as described in the RFP, the Proposal, and the Approved Plans during the course of construction without having obtained the Town's prior written approval, which approval shall not be unreasonably withheld.
- 2. <u>Construction Schedule</u>: Developer shall commence construction of the Unit within one hundred eighty (180) days from the Date of Recording and complete said construction and sell the Unit to an Eligible Purchaser within twenty four (24) months from said Date of Recording, all in accordance with the terms of this Agreement. Failure to do so shall entitle the Town to exercise its Right of Entry, as provided in the deed from the Town to Developer. For purposes of this Section, Developer shall be deemed to have completed construction of the Unit upon obtaining a final Certificate of Occupancy for the Unit. Developer shall use good faith efforts to commence and complete the Project with due diligence.
- 3. Quality of Work: Developer shall have obtained all the permits and approvals necessary to construct and operate the Project on the Property before undertaking any Work, and shall cause all the Work to be performed in a good and first-class workmanlike manner and employ materials of good quality and in accordance with the Approved Plans and all applicable laws, ordinances, codes and regulations.

- 4. <u>Liens</u>: Developer shall not permit any mechanic's liens or similar liens to remain upon the Land or the Property for labor and materials furnished to Developer in connection with work of any character performed by or at the direction of Developer and shall cause any such lien to be released of record without cost to the Town pursuant to the terms of this Agreement, by satisfaction and discharge of such lien or release of such lien by bond.
- 5. <u>Indemnification</u>: Developer shall comply with the requirements of all applicable laws, rules and regulations. Developer shall defend, indemnify and hold the Town harmless from and against all cost, expense and/or liability arising out of or based upon any and all claims, accidents, injuries and damages related to the Work, the condition of the Land or Property, or any act or omission of Developer, its contractors, licensees, agents, servants, employees, customers, invitees, guests or visitors, or anyone claiming by, through or under Developer. This shall not be construed as a limitation of Developer's liability under the contract or as otherwise provided by law.

The obligations of Developer hereunder are referred to a Developer's "Construction Obligations".

B. Financial Obligations

- 1. <u>Construction Loan</u>: Developer shall be responsible for obtaining all the financing necessary to finance the construction and completion of the Project. Any construction or other loan ("<u>Construction Loan</u>") that is secured by a mortgage on the Land or the Property ("<u>Construction Mortgage</u>") shall be subordinate and subject to this Agreement, and shall be recorded after this Agreement. Developer shall perform all of Developer's obligations under the Construction Loan, including Developer's covenants to make payments when due. Developer shall cause the holder of the Construction Mortgage (the "<u>Lender</u>") to give at least sixty (60) days prior written notice to the Town, by registered mail, of the Lender's intention to foreclose upon the Construction Mortgage or to accept a conveyance of the Property in lieu of foreclosure, in which event the Town shall have the right, but not the obligation, to cure whatever default(s) have entitled the Lender to issue the foreclosure notice, subject to appropriation. Developer shall pay or cause to be paid all taxes, assessments and other charges, fines and impositions attributable to the Land or Property, which may attain a priority over the Construction Mortgage.
- 2. <u>Affordable Housing</u>: Developer agrees that the Unit shall be subject to an affordable housing restriction Deed Rider as further described in Section III, below.
- 3. <u>Initial Sales Price</u>: Developer shall sell the Unit for no more than the initial sale price set forth in Section III, below.

Developer shall submit to the Town, on or before conveyance of the Land from the Town to Developer and no less often than annually thereafter, and at any other time upon the request of the Town, evidence of such continuous insurance coverage satisfactory to the Town;
- (b) Liability Insurance: Developer shall carry comprehensive public liability insurance in the minimum amount of \$1,000,000.00/occurrence, \$3,000,000.00/aggregate with property damage liability insurance in limits of \$1,000,000.00/occurrence, \$3,000,000.00/aggregate;
- (c) Builder's Risk: During the period of any construction or structural alteration of the Property or the construction of the Unit, Developer shall also keep in full force and effect, at its sole cost and expense, "Builder's All Risk" insurance against loss or damage on a completed value non-reporting basis from such hazards and in such amounts as the Town may reasonably require.
- (d) Insurance Carried by Contractors: During the period of any construction or structural alteration of the Property or the construction of the Unit, Developer shall also require the general contractor for the Work to maintain (i) for the benefit of Developer and the Town, as additional insureds, commercial general liability insurance, including products and completed operations coverage, against any claims for personal injury, death and property damage occurring upon, in or about the premises and on, in and about the adjoining sidewalks and passageways during the construction of the work for at least One Million \$1,000,000.00 Dollars per occurrence and, Two Million (\$2,000,000.00) Dollars in General Aggregate; (ii)

worker's compensation in amounts required by state statute; (iii) employer's liability insurance with limits of not less than One Million Dollars (\$1,000,000.00); and (iv) automobile liability insurance, including the ownership, maintenance and operation of any automotive equipment, owned, hired or non-owned, in an amount not less than One Million Dollars (\$1,000,000.00) combined single limit.

- (e) Evidence of Insurance: All policies shall name the Town as an additional insured and shall be so written that the Town shall be notified of cancellation or restrictive amendment at least thirty (30) days prior to the effective date of such cancellation or amendment. Developer shall submit to the Town certificates of insurance for all the policies required to be maintained by Developer hereunder, which certificates shall show at least the coverage and limits of liability specified herein the and the expiration date;
- (f) Acceptable Insurers: All insurance required hereunder shall be underwritten with an insurance company or companies with an AM Best Rating of A-1 or better, licensed to write such insurance in the Commonwealth of Massachusetts and reasonably acceptable to the Town; and
- (g) Termination: All responsibility of Developer under this Section shall terminate upon the construction of the Unit and the sale of the Property to an Eligible Purchaser in accordance with the terms of this Agreement.
- 3. Obligation to Restore: In the event that any damage or destruction of the Property or any part thereof occurs as a result of fire or other casualty during the term of this Agreement, Developer shall be responsible for the restoration of the Property to the extent of its insurance proceeds, provided, however, that if such damage or destruction is caused as a result of the gross negligence or willful act or omission of Developer, or of any of its employees or agents, Developer shall be responsible for the full restoration of the damaged or destroyed Property regardless of the cost thereof or the available insurance proceeds, until such time as Developer has completed construction and sold to an Eligible Purchaser the Unit damaged or destroyed by fire or other casualty.

III. AFFORDABLE HOUSING PROVISIONS

A. <u>Initial Unit Sale Price</u>; <u>Affordable Housing Restriction</u>: The Property shall be used for low income housing purposes in perpetuity. Upon completion of the construction of the Unit and the issuance of a final Certificate of Occupancy, Developer shall convey the Unit to an Eligible Purchaser. The initial sale price of the Unit shall be set at an amount affordable to an Eligible Purchaser, as determined in accordance with DHCD Guidelines, and reasonably acceptable to the Town. The deed to the Eligible Purchaser shall include a Deed Rider in a form acceptable to the Town and to DHCD under LIP, ensuring that the Unit will stay affordable in perpetuity and count toward the Town's Subsidized Housing Inventory. The resale restrictions contained in the Deed Rider that encumbers the Unit pursuant to the requirements of this Agreement are affordable housing restrictions, as that term is defined in G.L. c. 184, §31 and as

that term is used in G.L. c. 184, §§26, 31, 32 and 33, and shall also be an "other restriction" held by a governmental body, as that term is used in G.L. c. 184, §26, such that the restrictions contained therein shall be enforceable for its full term and not be limited in duration by any contrary rule or operation of law, and in any event shall be enforceable for at least ninety-nine (99) years. Such resale restrictions shall be for the benefit of the Town and DHCD. The Town and DHCD shall be deemed to be holders of the affordable housing restriction created by the Resale Restrictions in said Deed Rider.

- B. <u>Marketing Plan</u>: Developer shall market the Property and shall conduct a buyer selection process for the Property in accordance with an affirmative fair marketing plan approved by DHCD through the LIP and by the Town.
- C. <u>DHCD Approval</u>: Prior to the sale of the Unit, Developer shall have obtained approval of the Unit by DHCD as a "local action unit" through the LIP and shall have delivered evidence of such approval to the Town. Developer shall be responsible for obtaining DHCD's consent, at its sole cost and expense.
- D. <u>Certificate of Compliance, Acceptance of Restriction</u>: Upon the sale of the Unit by Developer in accordance with this Agreement, there shall be recorded with the Unit deed, at Developer's expense, a Certificate of Compliance issued by the Town indicating compliance with the provisions of this Agreement, such Certificate not to be unreasonably withheld, and an Acceptance of Restriction, signed by the Hubbardston Board of Selectmen.
- E. <u>No Discrimination</u>: Neither Developer or the Town shall discriminate on the basis of race, creed, color, sex, age (except as permitted by law in senior housing communities), religion, sexual orientation, handicap, marital status, national origin, or any other basis prohibited by law in the selection of buyers for the Property; and Developer shall not so discriminate in connection with the employment or application for employment of persons for the construction, operation or management of the Project.

The obligations of Developer hereunder are referred to as Developer's "Affordable Housing Obligations".

IV. DEFAULT

If, prior to the expiration of this Agreement,

A. Developer shall have failed to observe or perform any of Developer's covenants, agreements, or obligations set forth in this Agreement within thirty (30) days following receipt of written notice from the Town specifying such failure (or if such failure or violation cannot be cured within said thirty (30)-day period, to commence to cure the same within said period and diligently to proceed thereafter to complete such curing, but in no event later than sixty days (60) from the date of the Town's notice);

- B. Developer shall have failed, after all applicable cure periods, to observe or perform any of the Developer's covenants, agreements, or obligations under the Construction Mortgage;
- C. Developer shall have sold, assigned, exchanged, mortgaged or otherwise transferred the Property or any portion thereof (other than the Construction Mortgage to secure the Construction Loan and the sale of the Unit to an Eligible Purchaser) or transferred its interests under this Agreement without the Town's prior written consent prior to the completion of the Project (as set forth more particularly in Section V(K);
- D. There shall have issued any execution or attachment against Developer or any of Developer's property pursuant to which the Property shall be taken or occupied or attempted to be taken or occupied, provided Developer is first provided an opportunity to cure the same within sixty (60) days unless extended by agreement of the parties; or
- E. Developer shall have filed a voluntary petition, or there shall have been filed against Developer an involuntary petition, in bankruptcy or insolvency or adjudication of bankruptcy or insolvency of Developer, or the filing by Developer of any petition or answer seeking any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under the present or any future federal bankruptcy act, or any other present or future applicable federal, state, or other statute or law, or the assignment by Developer for the benefit of creditors, or appointment of a trustee, receiver, or liquidator of all or any part of the assets of Developer, and within one hundred twenty (120) days after the commencement of any such proceeding against Developer, such proceeding shall not have been dismissed, or if, within one hundred twenty (120) days after the appointment of any trustee, receiver, or liquidator of Developer or of all or any part of Developer's property, without the consent or acquiescence of Developer, such appointment shall not have been vacated or otherwise discharged.

V. <u>GENERAL PROVISIONS</u>

- A. <u>Access</u>: Developer shall permit the Town or its agents to enter the Property, including, without limitation, the Unit, at any reasonable time, from time to time, to inspect the Property and to ensure compliance with the provisions of this Agreement, provided, however, that the Town provides Developer at least forty-eight (48) hours' prior notice thereof, except in the event of emergency, in which case notice shall be given as soon as practicable.
- B. <u>Compliance with Laws</u>: Developer shall carry out the Project in compliance with all applicable federal, state and local laws, codes, ordinances, rules and regulations and with all necessary permits.

- C. <u>Development Costs</u>: Developer shall be solely liable for all costs incurred in construction of all the Work required under this Agreement to develop the Project on the Land in compliance with all laws, ordinances, rules, regulations and codes applicable to the permitted use, and in including the Unit in DHCD's Subsidized Housing Inventory. The Town assumes no responsibility or obligation whatsoever for the development of the Property by Developer, and Developer hereby agrees to indemnify and hold the Town harmless from any loss or damage arising from the development of the Property.
- D. <u>Cooperation</u>: The Town agrees to use reasonable efforts to assist Developer in obtaining any and all permits, licenses, easements and other authorizations required by any governmental authorities with respect to any construction or other work to be performed on the Land or Property, but Developer acknowledges that the Town has no control over and cannot guarantee that permits required from municipal boards or officers within their statutory or regulatory authority will be granted or fees will be waived.
- E. <u>Indemnification</u>: Developer agrees to defend, indemnify, and hold the Town harmless from and against any and all liabilities, losses, costs, expenses (including reasonable attorneys' fees), causes of action, suits, claims, damages, demands, judgments or expenses from any and all claims, actions, or suits of any nature whatsoever that may be imposed upon, incurred by, or asserted against the Town by reason of this Agreement, except to the extent that the same is caused by the gross negligence or willful misconduct of the Town or its employees or agents. This indemnity and hold harmless agreement shall include indemnity against all costs, expenses, and liabilities incurred in or in connection with any such claim or proceeding brought thereon, and the defense thereof.
- F. Environmental: Developer shall comply with all state and federal environmental laws and shall defend, indemnify, and hold the Town harmless from and against any and all liabilities, losses, costs, expenses (including attorneys' fees), causes of action, suits, claims, damages, demands, judgments or expenses from any and all claims, actions, or suits of any nature whatsoever that may be imposed upon, incurred by, or asserted against the Town arising from any release or threat of release of any hazardous materials which are placed, released or disposed on, in or under all or any portion of the Property prior to, on or after the date of this Agreement.
- G. <u>Costs of Enforcement</u>: In the event that the Town successfully takes enforcement or other legal proceedings to enforce this Agreement or to otherwise redress a breach of this Agreement by Developer, in addition to any other remedies to which the Town may be entitled, Developer shall pay to the Town forthwith any and all costs and expenses, including attorneys' fees, that are incurred in enforcing this Agreement or prosecuting any such proceedings.
- H. <u>Obligations and Rights and Remedies Cumulative and Separable</u>: The respective rights and remedies of the Town and Developer, whether provided by this Agreement, or by law, shall be cumulative, and the exercise of any one or more of such rights or remedies shall not preclude the exercise, at the same or different times of any other such rights or remedies.

- I. <u>Notices</u>: Any and all notices required herein shall be in writing and shall be deemed properly given upon the earlier of: (1) two business days after deposit with the United States Postal Service, if sent by registered or certified mail, return receipt requested, postage prepaid; (ii) one business day after deposit with an express courier service such as Federal Express; or (iii) actual receipt. - J. <u>Waiver</u>: The failure on the part of Developer or Town, as the case may be, to complain in any one or more cases of any action or non-action on the part of the other party, or to insist in any one or more cases upon the performance of any of the provisions, covenants, agreements or conditions of this Agreement or to exercise any option contained herewith, no matter how long the same may continue, shall never be deemed or construed to be a waiver by such party of any of its rights hereunder, or a relinquishment for the future of any such provision, covenant, agreement, condition or option. Further it is covenanted and agreed that no waiver at any time of any of the provisions hereof by Developer or the Town shall be construed as a waiver of any of the other provisions hereof, and that a waiver at any time of any of the provisions hereof shall not be construed as a waiver at any subsequent time of the same provisions.
- K. Restrictions on Transfers and Junior Encumbrances: Until the Project has been completed in accordance with this Agreement, Developer shall not sell, assign, exchange, mortgage or otherwise transfer the Property or any portion thereof, other than the Construction Mortgage to secure the Construction Loan and the sale of the Unit to an Eligible Purchaser, or transfer its interests under this Agreement without the Town's prior written consent, which shall not be withheld unreasonably for any financing necessary to construct the Project. Any sale, assignment or other transfer of the Property or any portion thereof, whether before or after the completion of the Project, shall be subject to the terms of this Agreement, and the buyer, assignee or transferee shall assume Developer's obligations under this Agreement in writing as if it were the original developer hereunder. Any attempted assignment or other transfer made contrary to this Section shall be void.
- L. <u>Limitation on Liability</u>: Notwithstanding anything in this Agreement to the contrary, neither party shall be liable to the other for consequential, incidental, or punitive damages.
 - M. Time of Essence: Time shall be of the essence hereof.
- N. <u>No Partnership</u>: Nothing contained under this Agreement shall be construed to create a partnership or joint venture between the Town and Developer or to make the Town an associate in any way of Developer in the conduct of Developer's business, nor shall the Town be liable for any debts incurred by Developer in the conduct of Developer's business.

- O. <u>No Brokers</u>: Each warrants and represents to the other that it has had no dealings or negotiations with any broker or agent in connection with this Agreement. Each agrees to pay, and shall hold the other harmless and indemnified from and against any and all costs, expenses (including without limitation counsel fees) or liability for any compensation, commissions and charges claimed by any broker or agent resulting from any such dealings by the indemnifying party with respect to this Agreement or the negotiation therefor.
- P. <u>Headings and Captions for Convenience Only</u>: The captions and headings throughout this Agreement are for convenience of reference only and the words contained therein shall in no way be held or deemed to define, limit, explain, modify, amplify or add to the interpretation, construction or meaning of any provisions of, or the scope or intent of this Agreement, nor in any way affect this Agreement, and shall have no legal effect.
- Q. <u>Term of Agreement</u>: This Agreement and the restrictions and covenants contained herein shall be enforceable by the Town in perpetuity or for the longest period permitted by law, which in any event shall be for at least ninety-nine (99) years. Notwithstanding the foregoing, this Agreement shall terminate upon the sale of the Unit to an Eligible Purchaser and the recording of a Deed Rider, a Certificate of Compliance, and the Acceptance signed by the Town, with the deed to the Unit.
- R. <u>Binding</u>: The terms of this Agreement shall be binding on the parties, and their respective heirs, successors and assigns. All covenants, agreements, terms and conditions of this Agreement shall be construed as covenants running with the land.

STATUS SUMMARY

The Hubbardston Site will enhance the Radio System Coverage for Hubbardston and Barre. The Site will have three repeaters at the site: Police Simulcast UHF, Fire Simulcast UHF and Tac 1 UHF. The new site will be built at a town owned piece of land in the center of town. The land as been surveyed but needs to town to identify the location of the tower on the piece of property.

Rutland RECC has conducted site visits with the stake holders. The tower company has viewed the site but require a Geotechnical Survey. The Geo-Tech Study will be given to the Tower Company to design the Tower. The Tower Company will then be able to quote the job. The radio vendor has also conducted a site visit. The radio vendor is working on an equipment quote.

Rutland RECC and project management will be finishing up the planning and zoning boards. The project manager will be working with the radio frequency coordinator on a license modification. The new license will include the coverage area in the southern portion Hubbardston and Barre Response Area.

From: Ryan M. McLane

Town Administrator

Date: April 27, 2020

Subject: Town Administrator's Report

The following is the Town Administrator's report for the period ending April 24, 2020.

- 1. **COVID-19 Information** We continue to wait for information from the state regarding the closure of non-essential businesses. While the state continues to hint at possible changes to the stay-at-home order, nothing can be reported at this time. Our closure date remains May 4, 2020. As most residents are now aware, all schools and non-essential childcare services have been closed through the remainder of the school year (June 30). Residents can find information about regional COVID-19 cases and cases in Hubbardston by <u>clicking here</u>. For more detailed information about Hubbardston's COVID-19 response, <u>click on this page</u> prominently located on the town's Web site (emergency red banner).
- 2. **Department Report** I am currently reviewing materials received from the Collins Center as part of upgraded human resources effort. The Center will provide the Board with HR recommendations in order to inform future planning. Additionally, they will provide me with a comprehensive set of new policies in order to maintain compliance with federal, state and local law. This will form a new employee handbook. We expect this project to be completed before the end of the fiscal year.
- 3. **Financial Management** I am developing FY21 budget scenarios for your review. Due to sharp cuts in revenue projections and an unchanged QRSD assessment, we are facing a more than \$250k budget deficit in FY21. Scenarios will include options for drastic service cuts and/or use of one-time funds.
- 4. Infrastructure Updates The Center School Roof Project continues to move forward. We have now agreed to both hard and soft costs for the roof repair/replacement. The project with contingencies, is now estimated at a little more than \$2.9 million.

It's important to note that we received a 59 percent reimbursement rate from the MSBA, meaning the town cost, after reimbursements, will be closer to \$1.3 million. I will have a comprehensive presentation and further information about a debt exclusion vote at the budget public hearing in May.

Secondly, I have an update regarding the Gardner Road Communications Tower originally proposed by Rutland Dispatch in 2015. After some delays, we are happy to report that the state agreed to expand this project, constructing a larger tower that can support not only increased dispatch coverage, but also space for leasing to cellular companies. This should result in both increased revenue for our dispatch center and expanded cell service in Hubbardston. We are hopefully that this project will be completed by the end of the summer.

Lastly, our MVP Core Team started project workshops this week, focusing on assessing Hubbardston environmental and infrastructure vulnerabilities. Next week, the core team will finish the workshop process by assessing societal vulnerabilities. The end state of the MVP process will be a long-term plan for addressing climate change driven town vulnerabilities. This will bolster our long-term capital plan, inform the current Master Plan revision and make the town eligible for action grants.

5. Employee Recognition – This week I would like to thank Chris Barbera for her recent efforts in the Library Department. In just her first year as a Director, Chris inherited a very unique situation – the public closure of a library still expected to provide community services. Chris has risen to the challenge, helping to coordinate virtual story time for our children, responding to resident needs and when possible and safe, continuing to provide loan services to residents. The library is a very important part of our community, the main symbol on our seal, and I truly appreciate everything Chris has done to make sure the town has its library during this time of need.

Please do not hesitate to contact me if you have any questions.

This policy complies with Massachusetts General Laws Chapter 30B which requires municipalities to adopt a written policy regarding the disposal of surplus property.

From time to time the Town of Phillipston finds it necessary to dispose of materials, equipment, residue inventory or other items that are no longer required. The following procedures describe the process to be followed when disposing of surplus items. The intent is to establish reasonable control over usage, surplus and obsolete material handling, sale and disposition. This policy applies to all surplus items regardless of value. It does not apply to disposal of real estate. This policy applies to all Town departments, boards and committees.

Items taken into custody by the Phillipston Police Department through statutory procedures i.e. drug, criminal and civil forfeitures pursuant to MGL Chapter 94c and 18 USC ss981-87, will be disposed according to state and federal law. Unclaimed property taken into possession by the Phillipston Police Department will be auctioned according to MGL Chapter 135, s8.

Procedures

The Department Head will submit a written recommendation to the Chief Procurement Officer (CPO) that the item(s) are surplus to department needs and may be disposed of.

The Board of Selectmen shall vote to designate the items surplus.

For surplus property valued at less than \$10,000 the CPO will advertise the items for sale on the Town website, or in the local newspaper, or by online auction as s/he deems in the best interest of the Town.

For surplus property valued at \$10,000 or more, the CPO shall dispose of the property in accordance with MGL Chapter 30B by sealed bids, or by public auction, including online auction.

Items that have only scrap value may be disposed of as the CPO deems appropriate.

At its discretion, the Town may either sell at less than fair market value or donate surplus property to a governmental entity or an organization which has Internal Revenue Service tax exempt status by reason of its charitable nature. For property valued at less than \$1,000 the CPO may exercise his own judgment. For property valued at \$1,000 or more the Selectboard must first approve the disposition.

Meeting called to order at 6:30 pm by Daniel Galante. Mr. Galante Announced that the meeting was being digitally recorded.

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 order imposing strict limitation on the number of people that may gather in one place, this meeting of the Hubbardston Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found at www.hubbardstonma.us. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on the town's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

Open Session:

None

Announcements:

- Cancelling the Memorial Day Parade- There are plans to do something, possibly virtual. The day
 will be honored, but we are not sure how yet, as there will be no Memorial Day Parade this year.
 We will do something to properly honor our Veterans. The American Flags will be up soon.
- Election Nomination Papers are now due May 12, 2020. Not April 21st anymore.

Presentations:

- QRSD Superintendent Update Dr. Sheila Muir is here to give us an update on what is going on with the schools and how they are dealing with Covid-19. Dr Muir will give updates on how each department is doing. When the decision from the Governor was made to close schools on March 13th, the entire team had spent two days prior figuring out what to do. School Closings were being left up to each district. A main initial concern was families who would not have food. Breakfast and lunch are now available to all families in the district. It started slow, but has increased over the weeks. There is a pick up at Hardwick Elementary School and the Middle High School. Meals are also available for all children 18 and under. Not just those in school.
 - The education plan is to have every class and course on the google Classroom. Assignments are sent out on a weekly basis. Each class sends out about 2.5 hours of work. Teachers are holding live video sessions. Less than one hour per class, as some students have 5 classes. Sometimes, they are class meetings, sometimes

- special teaching sessions. Special Education services are being worked on, as it is one of our biggest challenges. We are trying to make this easier on families. We distributed Chromebook devises to Families last week.
- O The Administration has many meetings weekly to figure out plans, maintain daily functions, payroll and answer daily questions. There is fewer than 10 people in the Central Office at any time to avoid contact. All Teachers have stepped up and accepted the challenge. Some with young children were very overwhelmed in the beginning, but are adjusting well.
- There were several Field Trips that had to be cancelled including the Washington DC trip. Families should be getting refunds very soon.
- Spring Athletics is still in question, depending on school closure dates.
- O The hope is to get the students back into the classrooms by the end of the year. Mainly for assessment, and for the Seniors. Thus far there has been no indication on a specific date of re-opening, or closing for the year. There is another call tomorrow morning, and hopefully there will be a decision. The Commissioner of Education does not have information much before the public. Sometimes there is a five-minute warning about the Governor having Press Conferences. Some families have already expressed that even if schools open this year, they will not be sending their children back. That means we will have to support those children at home, as well as those who would return, in the event of re-opening. Thank you, Dr. Muir for coming to our Meeting tonight, and addressing Hubbardston Resident concerns so quickly.
- FY 21-25 Road Maintenance Plan Please see attached Presentation Documentation for details. The Board is committed to fixing roads, and the DPW strives to group Roads together to make it most cost effective. The Board agrees that Road Maintenance is the responsible thing to do, instead of always having the cost of replacing roads at a much higher cost. There is Chapter 90 money available, we need to decide if we use 100% of it, 50% of it, or none at all.
 - While Travis is here, we would like to address the Surplus list of items that we are looking to sell.

Motion to Declare Surplus items for sale: Richard Haddad; 2nd Jeff Williams. No Discussion. Roll Call: Dan: Yes, Jeff: Yes, Richard: Yes, Kris: Yes. Vote: Unanimous

Q3 Financial Report- Move to April 27th Meeting.

New Business:

- Covid-19 Update There is now a link to see cases by City and Town. Hubbardston is still less than 5 cases in Town, and no deaths. Our Public Health Nurse is getting updates daily, and are following any cases.
- Board of Selectmen Warrant Articles Discussion Items discussed already, and any ideas we might have for other Articles.
 - Changing Selectmen to Selectboard Everyone is in agreement to put them on the Warrant.
 - o Funding the Master Plan Final Chapter Article- The original amount was \$14,000. It has been to negotiate that down to \$11,000. The Planning Board has about half of that, so this would possible be approximately a \$5,000 Warrant Article if no Grants were obtained. We will be applying for grants though.
 - Final Town Center Project Funding That gets us to 100% authorized on the design side.
- Ragged Hill Land Disposal (Vote) We recently put the Lots out to bid, this will be to accept or reject bids. All bids were in order, and all paperwork was given.

- Lot 3; parcel 218 had three bids: D2 Builders \$25,000; Dan Blanchard- \$10,014; and Steven Sheppard - \$10,000.
- o Lot 4; parcel 219 had 2 bids: D2 Builders \$25,000; Dan Blanchard- \$10,014.
- o Lot 5; parcel 220 had 2 bids: D2 Builders \$25,000; Dan Blanchard- \$10,014.

The option is to accept them all, or throw them all out or decide on each one individually. Just one lot can be accepted as well.

The first few times making these lots available there was no interest. Now, there is interest, so we need to make some decisions. The amount does not seem like enough, but it is some interest and we have spent a lot of time on this. There is minimal cost, maybe \$300-\$1000. Mostly time of the Board, Town Administrator, and Town Council.

Motion to sell one lot: Richard Haddad; 2nd Dan Galante. No Discussion.

Amend Motion to sell one lot 218: Richard Haddad; 2nd Dan Galante. Discussion: If we choose to accept the bid, what is the obligation of the builder who won the bid? The buyer was aware that each lot was considered individual. Roll Call: Richard: Yes, Jeff: Yes, Dan: Yes, Kris: Opposed. Vote: 3:1

Motion to not accept bids on lots 219 and 220: Jeff Williams; 2nd Richard Haddad. No Discussion. Roll Call: Jeff: Yes, Richard: Yes, Kris: Yes, Dan: Yes. Vote: Unanimous.

• DLTA Contract scope of word – Approving contract for land use Master Plan Chapter. Please see attached documentation for details.

Motion to accept DLTA Contract Scope of work: Jeff Williams; 2nd Richard Haddad. No Discussion. Roll Call: Kris: Yes, Richard: Yes, Jeff: Yes, Dan: Yes. Vote: Unanimous.

Old Business:

- FY21 Budget Nothing new for tonight, time will tell what will be happening in the future. There will be an update at our April 27th Meeting. This is being worked on daily.
- Town Property disposal done at the beginning of the Meeting with Travis present.

Town Administrator Report:

• This Report consists of the Covid-19 Update, a Budget Update, Department Reports, Financial Management, Infrastructure Update, and Employee Recognition. This week I would like to recognize Chief Dennis Perron for his work directing public safety during the COVID-19 outbreak. Chief Perron was quick to act when state and federal guidance was uncertain, assisting me with developing measures to help protect the community and his department. He coordinated the town's initial Personal Protective Equipment (PPE) requests, ensuring our public safety departments had enough supplies to safety provide services. His focus on community policing during the outbreak has also been invaluable, directing officers in both compliant and compassionate techniques that balance public health with community service. And finally, I would like to give the Chief my sincere thanks for assisting with last week's Porch Sing Along and providing consistent messages through town social media accounts. Well done Chief, the town benefits from your experience during times like these.
