Rack Installation –

The rack is here, needs to be installed. Brittany to check with school, if okay, need to put a work order in with DPW to be installed. Switchover to fiber is scheduled for June 28th.

Wireless Handheld Microphones –

Discussion about purchasing wireless handheld microphones for use at Town Meetings by Selectboard and Finance committees. Further discussion about maybe buying one wireless and one wired for FinCom. Tom Colyer stated “us spending money to take care of egos bothers me.” He stated he would entertain a motion for one wireless mic but not two. Having one wireless makes sense for other uses/events.
