

Public Informational Meeting

Fitchburg/Leominster: Twin Cities Rail Trail – Phase 2

What is happening?

The purpose of this informational meeting is to provide the public with the opportunity to become fully acquainted with the proposed Twin Cities Rail Trail, Phase 2. All views and comments submitted in response to the informational meeting will be reviewed and considered to the maximum extent possible.

How will this affect you?

The proposed project is to provide safer and improved transportation access for bicycle users and pedestrians between the Cities of Leominster and Fitchburg and to provide a safe connection to the MART Intermodal Transportation Center in downtown Fitchburg. As envisioned, this regional trail will connect areas of cultural, economic, social, and natural significance along the multi community corridor and provide a non-motorized transportation and recreational alternative for people of all ages and abilities. Phase 2 of the TCRT project will complete the trail in Fitchburg, by connecting the end of the current trail constructed under Phase 1 at 4th Street and continuing to the MART Intermodal Transportation Center in downtown Fitchburg.

When

Thursday, April 13th, 2023
7:00 PM EST

Attend
