

## **Cemetery Conservation Training in Hubbardston!**

**Are you interested in being a friend of Hubbardston Cemeteries? Do you appreciate the idea of conserving historical treasures? On Sept 5th & 6th from 10 to 5 the Hubbardston Cemetery Commission will be doing a two-day training with Jonathan Appell, Professional Monuments Conservator. He'll be teaching how to repair and care for the gravestones in our many small cemeteries. Any Hubbardston resident is welcome to come to the training and join our Cemetery Conservation Volunteer Team.**

**Payment is not required, but a \$10-\$20 donation is appreciated. Please bring a lunch for yourself on both days, sunscreen and bug repellent if needed, and sturdy work gloves. We will be meeting at Warren Cemetery on Rt. 68 in Hubbardston, across from the Rietta flea market.**
