

Effective January 1, 2019, you must be 21 to purchase Tobacco and Nicotine Delivery Products in Hubbardston as per a vote of the Hubbardston Board of Health

Although the Commonwealth of Massachusetts regulation contains a Grandfather Clause, which allows anyone 18 years of age by January 1, 2019 to purchase these products, the Hubbardston Board of Health recognized the confusion that may be created by this legislation and voted to impose **no Grandfathering**.
