

Board of Selectmen

FY2020 Goals

- Prioritize road maintenance by committing to large and small repair projects as outlined in the [FY20-24 Road Maintenance Plan](#). Continue to invest money into road repair when possible and communicate the status of the plan to the public on a semi-annual basis.
- Continue to develop a plan to replace/repair/restore municipal building space.
- Empower the economic development committee to continue to remove obstacles for smart growth. Analyze bylaws, procedures and town staff practices to make them business supportive and friendly.
- Investigate and execute the sale/use of town owned land.
- Continue to develop a transparent budget processes that aligns with financial policies/goals and reduces reliance on one-time revenues.
- Develop plans for large impactful projects like increasing town cellular service and working with the Planning Board to reclaim the town pit.
- Develop a stronger working relationship with the Quabbin Regional School district and begin to address annual assessment inequities within the region.
- Coordinate with the Parks Department to execute their five-year strategic plan and ensure the long-term viability of the Curtis Recreational Field.
