

PROCUREMENT CONFLICT OF INTEREST

PURPOSE

To ensure integrity in the procurement and contract process, to educate Town employees, consultants, uncompensated outside parties, and any person involved in decisions to award contracts about potential conflicts of interests, and to establish a process for the screening of conflicts of interests.

APPLICABILITY

The policy pertains to all the Town's procurement and contract processes governed under the provisions of the state's Uniform Procurement Act associated with, but not limited to: specification development, preparation and issuance of solicitations, evaluation of solicitations and submissions, and other evaluations that lead to Town contract awards. The policy applies to the job responsibilities of the Town Administrator serving as the Chief Procurement Officer and to the related functions of the Town Counsel and Town Accountant. It further applies to all Town employees, officials, and others working on the Town's behalf who are involved with any procurement and contract process and to the prospective contractors.

POLICY

The Town is committed to ethical business practices, professional integrity, and compliance with all procurement laws and regulations. The Town of Hubbardston will provide fair opportunities to participants in competitive processes for the award of Town contracts. Process integrity will be reinforced by the practices outlined here to ensure confidentiality during the bid evaluation process and to assess and address conflicts of interest in all competitive solicitations. The Town shall investigate all allegations of conflict of interest or misconduct brought to the attention of Town staff.

To comply with the state's <u>Uniform Procurement Act</u>, any purchase for supplies or services (<u>with certain exceptions</u>) costing more than \$10,000 requires solicitation of three quotes for contracts and those over \$50,000 require competitive sealed bids or proposals for contracts.

A. Confidentiality during the Bid Evaluation Process

Town staff, consultants, and outside evaluators who are participants in a bid evaluation process are required to sign confidentiality agreements, which bind them not to share any information about responses received and the evaluation process until the Town issues a Notice of Intended Award.

Departments must:

1. Identify all participants of an evaluation process who receive proposals or other documents used in the evaluation process, including any non-evaluating observers.

- 2. Ensure that these participants sign confidentiality agreements.
- 3. Submit the confidentiality agreements to the Town Administrator or School Business Manager.

The Town Administrator/Town Accountant must:

- 1. Verify that signed confidentiality agreements for all participants in the evaluation process, including non-evaluating observers, are submitted.
- 2. Maintain signed confidentiality agreements on file.

B. Conflict of Interest in Procurement

To ensure decisions are made independently and impartially, Town employees and officials are expected to avoid any conflicts of interest and also avoid the appearance of conflicts of interest. A conflict of interest, or the appearance of one, must be disclosed whenever a vendor, employee, or officer has, or can reasonably anticipate having, an ownership interest, a significant executive position, or other remunerative relationship with a prospective supplier of goods or services to the Town or knows that a family member or other person with whom they have a personal or financial relationship has such an interest.

According to the federal Office of Management and Budget's Omni Circular, a conflict of interest arises when: "the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract."

And it states that: "The officers, employees, and agents of the non-federal entity must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts."

The Omni Circular further requires that for any federal grant involving a parent, affiliate, or subsidiary organization that is not a state or local government, the Town must also maintain written standards of conduct covering organizational conflicts of interest. An organizational conflict of interest means that due to a relationship with a parent company, affiliate, or subsidiary organization, the Town is unable or appears to be unable to be impartial in conducting a procurement action involving the related organization.

Any person with a conflict as described above shall not participate in the preparing of specifications, qualifying vendors, selecting successful bidders on products or services in which they have an interest, or approving payment to those interests. The only exception to this arises if the person makes full disclosure of a potential conflict and receives in advance, written determination from the State Ethics Commission that the interest is not so substantial as to be deemed likely to affect the integrity of the services the Town may expect from that individual.

Department heads and other officials are required to ascertain and disclose to the Town Administrator or Town Accountant any potential conflict of interest affecting procurement transactions before a contract is signed, a commitment made, or an order placed. Having satisfied this requirement, the Town Administrator shall notify the Town Accountant, who will verify the availability of funds before any order is placed with a vendor.

The following measures shall be taken to ensure the Town avoids any conflict of interests in procuring Town contracts:

- Employees, officials, and others who regularly participate in contract activities on behalf of the Town must disclose relevant financial interests as required by state and federal laws and to annually review those statements in conjunction with this policy and other ethical standards.
- Other persons involved in procurements must review this policy and other ethical standards and provide information in order to determine if there is a conflict of interest. Such persons shall include, but are not limited to, authors of specifications; paid and unpaid evaluators; and paid and unpaid consultants who assist in the procurement process.
- 3. If a possible conflict of interest is identified, it must be documented and reviewed with the Town Counsel.

Departments must:

- 1. Identify employees, consultants, outside uncompensated parties, and any other persons who will be involved in a procurement or contract activity, such as specification development, preparation and issuance of solicitations, evaluation of solicitations or submissions, or other evaluations, that will lead to an award of contract.
- 2. Provide conflict of interest forms to the identified participants.
- 3. Submit the completed forms to the Town Administrator prior to commencing any procurement or contract activity.

The Town Administrator / Town Accountant must:

- 1. Review the submitted forms for potential conflicts of interest.
- 2. Discuss any potential conflicts of interest with the Town Counsel and document the resulting determinations.
- 3. If a conflict or the appearance of one exists, take appropriate actions, including but not limited to, removal of the employee, consultant, or outside uncompensated party from the procurement or contract activity or cancelation of the solicitation.

C. Audit

The Chief Procurement Officer shall conduct random audits of compliance with this policy. All practices associated with the Town's procurement also are subject to audit by the Town's independent auditor.
